### Screen Printer

#### ABC Corporation - 2009 - 2014

- I worked and did screen printing I had to make sure I met production goals every day.
- Also had customer service duties to wait on customers and also to take orders and deliver the product.
- Also managed other screen printers and made sure they stayed time on task.
- This job was what got my foot in the door for managing.
- This was a factory type job where production was key and it helped me to keep up the morale of the other workers while making business decisions.
- Lastly this job also introduced me into customer service in taking orders and dealing with competitors pricing.
- Skills Used This job required me to be a team leader, customer service rep and I also needed to be able to manage a team to meet production goals.
