

ETHAN MARTINEZ

Endpoint Security Engineer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Accomplished Endpoint Security Engineer with a decade of experience in enhancing organizational security through advanced threat detection and incident response strategies. Proven ability to design and implement robust security frameworks that protect critical infrastructures and mitigate risks effectively.

WORK EXPERIENCE

Endpoint Security Engineer

Pineapple Enterprises

📅 May / 2019-Ongoing

📍 Santa Monica, CA

1. Designed, deployed, and managed endpoint security solutions across diverse operating environments.
2. Conducted regular vulnerability assessments and penetration tests to identify and mitigate risks.
3. Collaborated with cross-functional teams to develop incident response plans and security protocols.
4. Monitored security alerts and responded to incidents, ensuring minimal disruption to operations.
5. Provided expert guidance on security best practices and compliance requirements to stakeholders.
6. Implemented security awareness training programs to educate employees on emerging threats.
7. Maintained up-to-date knowledge of the latest security trends and technologies to inform strategic decisions.

Security Engineer

Lakeside Apparel Co

📅 May / 2015-May / 2019

📍 Chicago, IL

1. Managed the configuration and maintenance of security devices, including firewalls and intrusion detection systems.
2. Oversaw the implementation of multi-factor authentication and encryption technologies to enhance data protection.
3. Led incident response activities, including forensic analysis and root cause investigations.
4. Developed and maintained documentation for security policies, procedures, and incident reports.
5. Worked with vendors to evaluate and integrate new security solutions into existing environments.
6. Conducted security awareness workshops to promote a culture of security within the organization.

EDUCATION

Master of Science in Cybersecurity

University of California

📅 May / 2012-May / 2015

📍 Denver, CO

Focused on advanced security protocols, incident response strategies, and risk management.

SKILLS

Security Engineering

Data Encryption

Firewall Management

Intrusion Detection

ACHIEVEMENTS

- ★ Reduced incident response time by 30% through automation of security processes.
- ★ Successfully implemented endpoint protection solutions, resulting in a 40% decrease in malware infections.
- ★ Conducted comprehensive security audits, leading to the identification and remediation of critical vulnerabilities.
