

LIAM ANDERSON

Senior .Net Developer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Innovative Senior .Net Developer with 7 years of experience in delivering high-performance software solutions throughout the software development life cycle. Expert in utilizing .NET technologies, including ASP.NET and C#, to build scalable applications. Passionate about leveraging new tools and methodologies to enhance user experiences and drive project success.

WORK EXPERIENCE

Senior .Net Developer  May / 2020-Ongoing  Chicago, IL
Blue Sky Innovations

- 1. Designed and developed dynamic websites on the ASP.NET framework using agile methodologies.
- 2. Engineered RESTful APIs and web services utilizing Microsoft Web API framework for effective client communication.
- 3. Created comprehensive unit and integration tests in a test-driven development environment to ensure software reliability.
- 4. Developed WCF service agents to streamline client interactions and enhance application performance.
- 5. Applied object-oriented design patterns (MVC, MVVM) appropriately to optimize project outcomes.
- 6. Authored detailed documentation for API libraries, including usage examples to assist developers.
- 7. Implemented client-side validation using ASP.NET validation controls to enhance user experience.

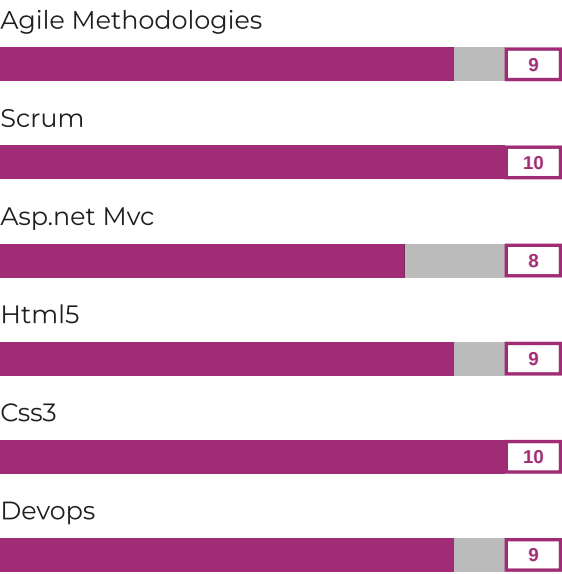

Senior .Net Developer  May / 2018-May / 2020  Portland, OR
Crescent Moon Design

- 1. Conducted research, design, development, and maintenance of business applications and information systems, ensuring alignment with technical and business requirements.
- 2. Performed thorough analysis of business requirements and implemented modifications to improve existing programs.
- 3. Collaborated with IT teams to support strategic objectives and efficient resource utilization.
- 4. Provided comprehensive documentation and participated in architecture reviews to maintain compliance with established standards.
- 5. Evaluated and recommended new technologies to enhance software development practices.
- 6. Resolved technical issues, ensuring minimal disruption to project timelines.

EDUCATION

Bachelor of Science in Computer Science  May / 2016  May / 2018  Chicago, IL
University of Technology
Focused on software development, algorithms, and data structures.
