PROFESSIONAL SUMMARY

Dedicated Senior .Net Developer with over 10 years of extensive experience in the software development life cycle. Expert in designing and implementing scalable applications using .NET technologies, including C#, ASP.NET, and MVC. Proven ability to optimize application performance and enhance user experience through innovative solutions and teamwork.

WORK EXPERIENCE

Senior .Net Developer

Seaside Innovations

📅 May / 2018-Ongoing

📍 Santa Monica, CA

1. Implemented ASP.NET MVC architecture to enhance product catalog visibility and user engagement.
2. Developed RESTful services using WCF for seamless catalog and shopping basket functionalities.
3. Engineered reusable components using web service software factory for consistent application development.
4. Created analytics modules for tracking online marketing strategies using Omniture and Google Analytics.
5. Utilized LINQ for efficient querying and data manipulation of complex objects.
6. Managed high-volume transactional systems, ensuring reliability and performance.
7. Conducted load testing to assess application scalability and performance metrics.

Senior .Net Developer

Lakeside Apparel Co

📅 May / 2015-May / 2018

📍 Chicago, IL

1. Participated in architectural design discussions to align technical solutions with business goals.
2. Gathered and analyzed client requirements to define functional specifications for applications.
3. Collaborated with clients to develop design specifications for n-tier architecture.
4. Engaged in requirement analysis, domain modeling, and data validation for project success.
5. Integrated XML/.NET applications with RDBMS for enhanced data management.
6. Developed installation scripts and supported software modules for deployment.

EDUCATION

Bachelor of Science in Computer Science

University of Technology

📅 May / 2012-May / 2015

📍 Denver, CO

Focused on software development and database management with hands-on projects in .NET technologies.

SKILLS

Web Forms Development

Windows Forms Application Development

Ado.net Data Access

.net Framework And Ssis Integration

Wpf Application Development

Web Services And Wcf Development

INTERESTS
