### 👤 PROFESSIONAL SUMMARY

Innovative Environmental Scientist with a decade of experience in environmental compliance, impact assessments, and ecological restoration. Skilled in leading multidisciplinary projects that enhance sustainability and meet regulatory requirements. Committed to fostering environmental stewardship through strategic planning and stakeholder collaboration.

### 💼 WORK EXPERIENCE

#### Senior Environmental Scientist

📅 Jun / 2018-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Ensured compliance with federal, state, and local regulations while managing natural and cultural resources, air quality, and tank programs for a 6,634-acre military installation, focusing on ground and surface water resources.
2. Acted as a subject matter expert, providing environmental design-build support for over 500 military construction projects annually.
3. Resolved compliance challenges and coordinated regulatory inspections by collaborating with various stakeholders.
4. Developed environmental assessments, impact statements, and biological opinions in accordance with NEPA regulations.
5. Conducted environmental compliance audits to verify adherence to standards for regulated facilities and natural resources.
6. Partnered with the Air Force Wildland Fire Center to create prescribed fire management strategies aligned with ecosystem restoration goals.
7. Managed permits and action plans for wildlife, supporting BASH, threatened and endangered species, and habitat restoration efforts.

#### Senior Environmental Scientist

📅 Jun / 2015-Jun / 2018

Lakeside Apparel Co

📍 Chicago, IL

1. Executed air quality permit applications (MACT, NSPS) for diverse industries, including chemical and agricultural sectors.
2. Conducted emissions inventories and applicability determinations, ensuring compliance with HAZCOM regulations.
3. Developed and implemented SPCC, SWPPP, and industrial hygiene programs, enhancing workplace safety and environmental protection.
4. Facilitated internal audits and legal compliance checks, promoting adherence to environmental regulations.
5. Collaborated with cross-functional teams to drive sustainability initiatives and reduce environmental impact.
6. Engaged in project execution for air quality management, focusing on chemical, agricultural, and textile industries.

### 🎓 EDUCATION

#### Master of Science in Environmental Science

📅 Jun / 2012-Jun / 2015

University of California, Berkeley

📍 Denver, CO

Focused on environmental policy, compliance, and ecological restoration.
