SUMMARY

More than twenty years of professional experience in water quality, air quality, solid waste, hazardous waste, soils, wetlands, and on-lot wastewater disposal projects. Most recent experience working in the natural gas industry's Marcellus Shale Natural Gas Region as Pipeline Route Coordinator, Wetland Delineator, Environmental Inspector and Environmental Compliance Coordinator.

CORE COMPETENCIES

Computer, Technical Writing.

PROFESSIONAL EXPERIENCE

Senior Environmental Scientist/Specialist

ABC Corporation - 2010 – 2012

Key Deliverables:

- Provided environmental consulting services to Chesapeake Energy working as team environmental lead to identify cost effective pipeline routes in the Marcellus Shale region that were capable of being permitted, were constructable and were environmentally sensitive; lessening the impact on wetland and watercourse features.
- Contributed to general and joint permit application package completion.
- Provided wetland and watercourse delineation consulting services to Chesapeake Energy, Southwest Energy, and Shell Appalachia.
- Mentored junior staff and provided QA/QC oversight.
- Utilized Trimble handheld GPS units (Juno, Geo XH) to collect and record data.
- Performed Wetland and Stream Assessments for inclusion in State and Federal permit packages.
- Acted as lead inspector for Shell Appalachia natural gas pipeline construction projects in the Marcellus Shale region of northern PA.

Senior Environmental Scientist

Delta Corporation - 2010 – 2011

Key Deliverables:

- Administered and enforced rules and regulations of the Pennsylvania Sewage Facilities Act (Act 537) for municipal clients.
- Evaluated soils to determine suitability for on-site sewage disposal.
- Reviewed sewage system designs, issued on-site sewage system permits, and inspected system installations to ensure compliance with Pennsylvania state codes.
- Reviewed sewage planning modules for conformance with applicable state regulations and municipal ordinances.
