## Oracle Cloud Database Administrator

✉ support@qwikresume.com 📞 (123) 456 7899 📍 Los Angeles  
🌐 www.qwikresume.com

### PROFESSIONAL SUMMARY

Dedicated Senior Oracle Database Administrator with extensive experience in managing large-scale Oracle databases. Skilled in database architecture, performance optimization, and disaster recovery planning. Adept at implementing best practices for data security and integrity. Excellent communication skills with a focus on delivering high-quality database solutions that meet business needs.

### WORK EXPERIENCE

#### Oracle Cloud Database Administrator

WidgetWorks Inc.

📅 Apr / 2021-Ongoing  
📍 Denver, CO

- 1. Led the implementation of innovative data management schemas to enhance system performance.
- 2. Administered Oracle databases on Linux/Unix platforms, focusing on performance tuning and optimization.
- 3. Evaluated and integrated new database technologies to improve efficiency and effectiveness.
- 4. Analyzed data requirements and developed logical and physical data models for improved data flow.
- 5. Coordinated database maintenance and updates while ensuring data integrity and security.
- 6. Executed test queries to validate database changes and configurations.
- 7. Documented database architecture, including access methods and security protocols.

#### Senior Oracle Database Administrator

Crescent Moon Design

📅 Apr / 2018-Apr / 2021  
📍 Portland, OR

- 1. Collaborated with a team of Oracle DBAs to manage enterprise data assets for the New York State Department of Transportation.
- 2. Enabled secure access to department data, ensuring compliance with data protection regulations.
- 3. Worked closely with the Information Security Office to safeguard data integrity and prevent unauthorized access.
- 4. Employed diverse techniques to maintain database security and performance for multi-terabyte systems.
- 5. Conducted physical and logical data modeling to support database architecture.
- 6. Provided general database administration and support, optimizing performance across extensive datasets.

### EDUCATION

#### Bachelor of Science in Computer Science

State University of New York

📅 Apr / 2015-Apr / 2018  
📍 Denver, CO

Studied database management, systems analysis, and software engineering principles.

### SKILLS

### ACHIEVEMENTS

- 🌟 Implemented a robust backup strategy, reducing data recovery time by 40%.
- 🌟 Enhanced database performance by 30% through optimized indexing and query tuning.
- 🌟 Led a team in migrating on-premise databases to Oracle Cloud, improving scalability.
