ACHIEVEMENTS

Spearheaded a successful migration from SharePoint 2010 to 2013, enhancing system performance by 30%.

👤 PROFESSIONAL SUMMARY

Visionary SharePoint Architect with a decade of experience in designing and implementing scalable SharePoint solutions. Specialized in enhancing collaboration and streamlining workflows, I excel at aligning technology with business objectives. My leadership in cross-functional teams has consistently driven impactful digital transformations and optimized organizational performance.

💻 WORK EXPERIENCE

Sharepoint Architect
📅 Mar / 2018-Ongoing

Pineapple Enterprises
📍 Santa Monica, CA

1. Executed pre-migration tasks for transitioning from SharePoint 2010 to 2013, ensuring minimal disruption.
2. Presented detailed analysis on the cost-benefit of migrating to SharePoint Online versus On-Premise solutions.
3. Facilitated stakeholder meetings to discuss environmental restructuring and migration strategies.
4. Developed a proof of concept for data migration to SharePoint Online utilizing Metalogix.
5. Participated in the migration process using a detach-attach content database approach for SharePoint 2013.
6. Refactored legacy SharePoint 2010 solutions for compatibility with SharePoint 2013.
7. Configured Search Service Applications, optimizing content sources, scopes, indexes, and crawl components.

Sharepoint Architect
📅 Mar / 2015-Mar / 2018

Crescent Moon Design
📍 Portland, OR

1. Managed the MOSS platform, including installation and customization of web parts and farm feature maintenance.
2. Successfully installed and configured SharePoint across development, testing, and production environments.
3. Engaged in all implementation phases: requirements gathering, design, development, testing, and deployment.
4. Oversaw MOSS deployments, ensuring systematic cloning of system changes for consistency across environments.
5. Led key projects, including a custom development initiative for US Bank using InfoPath 2007 and SharePoint Server 2007.
6. Developed an automated site provisioning and approval engine for public-facing SharePoint sites.

🎓 EDUCATION

Master of Science in Information Technology
📅 Mar / 2012 - Mar / 2015

University of Southern California
📍 Phoenix, AZ

Focused on enterprise architecture and cloud computing.
