Over fifteen years of experience in the Wireless Telecommunications Industry including Project Management, Operations, Site Acquisition, Procurement, Vendor Management, Construction, Property Management, Compliance and Finance.

EXPERIENCE

Asst. Site Acquisition Specialist

ABC Corporation - 2009 - APRIL 2015

- Read and redline construction drawings; while providing updates for all site acquisition tasks.
- Ordered and tracked structural analysis, environmental reports, lease exhibits, construction plans and drawings.
- Performed this work for multiple companies in 14 states.
- Leased space on existing towers for my clients, as well as leased rooftop sites if a new tower build was not feasible.
- Responsible for the site acquisition and vendor management of Small Cell technology for AT&T Mobility in Texas, Oklahoma and Arkansas.
- Completed assignments for AT&T include Minute Maid Park and the Toyota Center in Houston, Texas, and the Hyatt Regency Hotel in San Antonio.
- Coordinated lease completions with zoning, regulatory, and construction.

Site Acquisition Specialist

Delta Corporation - 2014 - 2015

- College campus and/or stadium coverage was installed for AT&T at the University of Houston and Rice University.
- The first polygons funded and installed were in the Dallas area; five separate polygons consisting of 107 Access Points.
- These Access Points were a combination of Oncor Electric and AT&T owned utility poles.
- Included Leasing, A&E, Zoning/BP, structural analysis, and construction/installation.
- Also involved with the South Texas turf for AT&T Mobility regarding DAS installations.
- Target venues for AT&T DAS included college campus/athletic complexes, government and municipal convention centers, professional sports venues and complexes, and large hotel properties.
- This is Dummy Description data, Replace with job description relevant to your current role.
