Arabic

### 🌟 ACHIEVEMENTS

🌟 Led a team to develop a web application that increased user engagement by 30%.

🌟 Architected a microservices-based solution that reduced deployment time by 50%.

### 👤 PROFESSIONAL SUMMARY

Having Strong written and oral communication skills. Involved in Understanding functional specifications and developing creative solutions to meet business requirements.

### 💻 WORK EXPERIENCE

#### Lead Software Developer

📅 Jun / 2018-Ongoing

[Seaside Innovations](#)

📍 Santa Monica, CA

1. Building web pages that are more user-interactive using ajax, javascript, and AngularJS.
2. Involved in making the application responsive using bootstrap, and used less pre-processor.
3. Creating custom word press interfaces which interact with the MySQL database.
4. Managing client word press installations, including updates, security patches, and plug-in functionality.
5. Developing applications in angular js and bootstrap and deployed into development, test and production environment successfully.
6. Involving in writing application-level code to interact with APIs, restful web services using Ajax, JSON.
7. Interacting with java controllers (Ajax, and JSON to write/read data from back end systems) using restful services.

#### Software Developer

📅 Jun / 2015-Jun / 2018

[Summit Peak Industries](#)

📍 Denver, CO

1. Worked on web and Android applications to find nearby attractions and navigate or share results responsibilities: implemented the UI pages based on provided design format using HTML, CSS, and javascript.
2. Developed and maintained a custom medical practice management application, centered primarily on scheduling and billing.
3. Responsible for setting up the database system by designing DB schema and EER.
4. Worked with the planning team to define application requirements, and worked with the design team to discuss responsive UI designs and other specifications.
5. Created a visual demo of applications using flash, Actionsript, and photoshop for a startup app competition.
6. Assisted in the migration of portions of the character based version application to the windows application.

### 🎓 EDUCATION

#### Bachelor of Science in Computer Science

📅 Jun / 2012-Jun / 2015

[University of Technology](#)

📍 Chicago, IL

Focused on software development, algorithms, and data structures.
