## 🏆 ACHIEVEMENTS

🌟 Developed a web application that improved user engagement by 30%.

🌟 Automated testing processes, reducing bugs by 25% before deployment.

## 👤 PROFESSIONAL SUMMARY

Aspiring software developer with a decade of experience in programming and application development. Proficient in multiple languages and frameworks, eager to contribute to innovative projects and enhance technical skills.

## 💻 WORK EXPERIENCE

Senior Software Developer Intern

📅 Jan / 2019-Ongoing

WidgetWorks Inc.

📍 Denver, CO

1. Led the development of a web application, enhancing user experience and functionality.
2. Collaborated with cross-functional teams to gather requirements and translate them into technical specifications.
3. Utilized object-oriented analysis and design (OOAD) principles to create scalable software solutions.
4. Employed Agile methodologies to ensure timely delivery of project milestones.
5. Designed and implemented reusable components for a social networking platform using ASP.NET and SQL Server.
6. Integrated third-party APIs to enhance application features and user engagement.
7. Conducted code reviews and provided mentorship to junior developers, fostering a collaborative environment.

Software Developer Intern

📅 Jan / 2015-Jan / 2019

Crescent Moon Design

📍 Portland, OR

1. Enhanced database management software, improving performance and user satisfaction.
2. Served as a systems administrator, ensuring optimal operation of Windows environments.
3. Developed prototypes for new product features, streamlining system management processes.
4. Wrote efficient code in Java and C++, focusing on performance and maintainability.
5. Participated in all phases of software development, from requirements gathering to testing and deployment.

## 🎓 EDUCATION

Bachelor of Science in Computer Science

📅 Jan / 2012-Jan / 2015

University of California, Berkeley

📍 Phoenix, AZ

Focused on software development, algorithms, and data structures, with hands-on projects in web and mobile applications.
