ACHIEVEMENTS

- Successfully optimized fluid properties, resulting in a 15% increase in drilling efficiency.
- Maintained a 100% safety compliance record during equipment operations.

PROFESSIONAL SUMMARY

Enthusiastic Associate Solids Control Technician with 2 years of practical experience in managing solids control operations in the oil and gas industry. Adept at operating centrifuges, optimizing fluid properties, and ensuring compliance with safety standards. Passionate about enhancing operational efficiency and contributing to team success while maintaining high-quality service.

WORK EXPERIENCE

Associate Solids Control Technician
WidgetWorks Inc.
May / 2024-Ongoing
Denver, CO

- Installed and decommissioned centrifuges and associated equipment at various job sites.
- Ensured safe and efficient operation of solids control equipment, monitoring performance metrics and dewatering processes.
- Performed mechanical repairs and troubleshooting on solids control systems.
- Delivered outstanding customer service by addressing client inquiries and maintaining strong relationships.
- Operated and maintained multiple filter presses and clarifiers to ensure optimal performance.
- Conducted routine inspections and preventive maintenance on equipment to minimize failures.
- Collaborated with team members to enhance operational procedures and safety protocols.

Solids Control Technician
Lakeside Apparel Co
May / 2023-May / 2024
Chicago, IL

- Dewatered drilling fluids using dual centrifuges and chemical additives effectively.
- Monitored and adjusted pH, calcium, and polymer levels in drilling fluid systems to maintain optimal conditions.
- Operated various pumps and tanks, ensuring proper fluid circulation and management.
- Conducted tests on fluid properties to ensure compliance with industry standards.
- Maintained clear communication with engineers and team members to coordinate operations.
- Performed routine maintenance and repairs on variable drive panels and motors.

EDUCATION

Associate of Applied Science in Petroleum Technology
Texas State Technical College
May / 2022 - May / 2023
Portland, OR
Focused on practical applications in petroleum technology and solid control systems.
