👤 PROFESSIONAL SUMMARY

SQL Database Administrator with 7 years of expertise in managing, optimizing, and securing SQL Server environments. Proficient in performance tuning, backup strategies, and implementing high-availability solutions. Adept at troubleshooting complex database issues and ensuring data integrity in mission-critical systems. Passionate about leveraging data management best practices to drive operational efficiency.

🖥 WORK EXPERIENCE

Sql Database Administrator
Seaside Innovations

📅 Apr / 2020-Ongoing
📍 Santa Monica, CA

1. Led root cause analysis for critical database incidents, enhancing system reliability.
2. Installed and configured SQL Server mirroring and log shipping for high availability.
3. Implemented Active-Passive Multi-Node Clusters to improve operational efficiency.
4. Applied service packs and patches in clustered environments to maintain system integrity.
5. Executed Peer-To-Peer Transactional Replication, troubleshooting issues effectively.
6. Administered SQL Server Clusters and performed database migrations and restorations.
7. Conducted routine security audits and applied maintenance patches to enhance security posture.

Sql Database Administrator
Crescent Moon Design

📅 Apr / 2018-Apr / 2020
📍 Portland, OR

1. Managed installation, configuration, and maintenance of SQL Server across multiple environments.
2. Optimized SQL server performance through proactive tuning and issue resolution.
3. Tested applications for performance and data integrity, ensuring reliability.
4. Facilitated data transfers between servers using BCP, enhancing data accessibility.
5. Developed stored procedures ensuring code efficiency and performance.
6. Oversaw routine backups and restoration processes to safeguard critical data.

🎓 EDUCATION

Bachelor of Science in Computer Science
State University

📅 Apr / 2016-Apr / 2018
📍 Toronto, ON

Focused on database systems and software engineering principles.
