ACHIEVEMENTS

⭐ Successfully reduced database query response time by 30% through performance tuning.

⭐ Implemented a robust backup strategy that improved data recovery time by 25%.

PROFESSIONAL SUMMARY

Results-focused SQL Database Administrator with 2 years of experience in SQL Server management and optimization. Demonstrates expertise in installation, configuration, and performance tuning, ensuring robust data integrity and security. Adept at implementing backup strategies and resolving complex issues to maintain high availability and operational efficiency.

WORK EXPERIENCE

Sql Database Administrator
Quantum Solutions LLC
📅 Apr / 2024-Ongoing   📍 Phoenix, AZ

1. Developed stored procedures, triggers, and functions for automation.
2. Analyzed and resolved performance issues impacting production servers, enhancing overall system efficiency.
3. Managed SQL Server instances and databases, overseeing storage management and ensuring optimal performance.
4. Administered database objects, including tables, views, and indexes, to support application needs.
5. Authored complex Transact-SQL scripts for diverse operational requirements.
6. Evaluated data storage strategies to optimize database and transaction log storage.
7. Utilized SSIS for ETL tasks, streamlining data integration processes.

Sql Database Administrator
Cactus Creek Solutions
📅 Apr / 2023-Apr / 2024   📍 Phoenix, AZ

1. Executed database relocation tasks, utilizing attach and detach methods for seamless transitions.
2. Provided support for Teradata data warehouse, ensuring data accuracy and accessibility.
3. Conducted database migrations from SQL Server 2000 to 2005, enhancing system capabilities.
4. Developed and deployed SSIS packages in SQL Server 2005, automating data workflows.
5. Migrated DB2 databases to Oracle, leveraging internal middleware solutions.
6. Utilized Data Pump utility for effective data loading for development and end-user needs.

EDUCATION

Bachelor of Science in Computer Science
University of Technology
📅 Apr / 2022-Apr / 2023   📍 Phoenix, AZ

Focused on database systems, software engineering, and data management.
