PROFESSIONAL EXPERIENCE

State Tested Nursing Assistant-Associate

ABC Corporation - 2012 – 2013

Key Deliverables:

- Repositioned bedridden patients regularly to help them remain comfortable and to prevent bedsores.
- Changed bandages and dressings, disinfect catheters and empty urine drainage bags.
- Measured and recorded the patients vital signs on a regular schedule, as specified by the nursing or medical staff.
- Measured the patients pulse rate, temperature, respiratory rate, and sometimes weight, and record that information on the patients chart.
- Respectful and courteous with residents at all times, and conscious of their rights.
- Provided assistance as needed with medication reminders, bathing, grooming, dressing, escort service, and other activities of daily living.
- Transferred, positioned and turned residents.

State Tested Nursing Assistant

ABC Corporation - 2010 – 2012

Key Deliverables:

- After 5 years of working in the healthcare field, I have gained many invaluable skills and learned life lessons.
- Working in this field has taught me how to care for people and assist them with all of their needs.
- It has shown me that patience really is a virtue and is the most important quality when dealing with people.
- The purpose of my position was to assist residents with daily activities in order for them to continue living a quality life.
- By maintaining a clean and friendly living environment it encouraged the residents to pursue their independence and kept their spirits high.
- Gained valuable interpersonal communicating skills which I implement daily in an office setting. Learned that patients aren't just a product they are people too and they deserve to be treated with respect.
