PROFESSIONAL SUMMARY

Seasoned Systems Technician with a decade of comprehensive experience in system management, troubleshooting, and technical support. Expertise in optimizing IT systems and enhancing performance through effective solutions. Committed to leveraging analytical skills to improve operational efficiency and deliver superior service to end-users, ensuring seamless technology operations.

WORK EXPERIENCE

Systems Technician

📅 May / 2019-Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Diagnosed and resolved complex technical issues for diverse networks, enhancing system reliability.
2. Oversaw installation and configuration of network components, ensuring optimal performance.
3. Managed various communication lines including Analog, DS1, DS3, Ethernet, and Sonet.
4. Supervised installation of coaxial and fiber optic cables, adhering to industry standards.
5. Utilized advanced testing equipment like T-Berd and Fluke to ensure network integrity.
6. Processed customer service requests for telecommunications services, ensuring timely delivery.
7. Executed comprehensive testing of circuits and equipment to maintain service quality.

Systems Technician

📅 May / 2015-May / 2019

Cactus Creek Solutions

📍 Phoenix, AZ

1. Led automation projects to enhance process control and improve system performance.
2. Configured and tested Control & PID loops to optimize production efficiency.
3. Modernized control circuits to integrate new monitoring and data acquisition systems.
4. Developed rigorous testing protocols for new equipment, boosting product reliability.
5. Directed the installation of VFDs and advanced recognition systems, enhancing operational capabilities.
6. Performed calibration and documentation of critical process instruments to meet industry standards.

EDUCATION

Bachelor of Science in Information Technology

📅 May / 2012 May / 2015

Tech University

📍 Chicago, IL

Focused on systems administration, network management, and technical support.
