EMMA JOHNSON

Tableau Data Analyst

✉ support@qwikresume.com   ☎ (123) 456 7899   📍 Los Angeles   🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Accomplished Tableau Data Analyst with 7 years of experience in designing and implementing interactive dashboards and visualizations that drive strategic insights. Proficient in data extraction, transformation, and analysis, leveraging Tableau's advanced capabilities to enhance reporting. Committed to delivering actionable insights through collaboration with stakeholders and optimizing data workflows.

WORK EXPERIENCE

Tableau Data Analyst
Quantum Solutions LLC

📅 Mar / 2020-Ongoing
📍 Phoenix, AZ

1. Led requirements gathering sessions and design meetings to align dashboard functionalities with business needs.
2. Implemented advanced features in Tableau, including action filters, parameters, and calculated fields for enhanced user experience.
3. Created comprehensive dashboards utilizing various visualization types such as bar graphs, geographical maps, and Gantt charts.
4. Published interactive dashboards on Tableau Server, enabling real-time data access for end users.
5. Developed numerous reports utilizing SQL Server Reporting Services (SSRS), including complex ad-hoc reports and drill-down capabilities.
6. Utilized best practices in data visualization to ensure clarity and effectiveness in reporting.
7. Collaborated with cross-functional teams to optimize business intelligence processes and reporting efficiency.

Tableau Consultant III
Silver Lake Enterprises

📅 Mar / 2018-Mar / 2020
📍 Seattle, WA

1. Designed dashboards to provide stakeholders with insights into sales performance, claims status, and revenue comparisons.
2. Created year-over-year and quarter-over-quarter comparison charts to visualize claims performance trends.
3. Developed user stories to enhance the functionality and appeal of Tableau dashboards for end users.
4. Managed data extracts and published data sources on Tableau Server, ensuring data freshness and accessibility.
5. Employed parameters and quick filters to enable dynamic data exploration within dashboards.
6. Created sets to highlight top-performing products based on sales data.

EDUCATION

Bachelor of Science in Data Science
University of Analytics

📅 Mar / 2016-Mar / 2018
📍 Denver, CO

Studied data analysis, statistics, and business intelligence techniques.

SKILLS

Presentation Skills	Problem Solving	Technical Documentation	Version Control
●●●●●●●●○○	●●●●●●●●●○	●●●●●●●●○○	●●●●●●●●○○

ACHIEVEMENTS

⭐ Reduced reporting time by 30% through automation of dashboard refresh processes.

⭐ Increased data accuracy by implementing validation checks in Tableau dashboards.

⭐ Developed a sales performance dashboard that improved decision-making for stakeholders.
