WILLIAM PEREZ

Technical Developer

PROFESSIONAL SUMMARY

Passionate Technical Developer with 2 years of hands-on experience in designing and implementing robust applications. Proficient in Java and SQL, with a strong focus on delivering high-quality software solutions. Adept at collaborating with cross-functional teams to drive project success and enhance user experience. Eager to leverage technical skills and innovative mindset to contribute to dynamic development projects.

WORK EXPERIENCE

Technical Developer

Mar / 2024-Ongoing

耳 Santa Monica, CA

Seaside Innovations

- 1. Designed and developed custom software solutions to meet client specifications.
- 2. Collaborated with stakeholders to gather requirements and provide technical support.
- 3. Implemented changes and enhancements to existing applications based on user feedback.
- 4. Conducted thorough testing and debugging to ensure software quality and performance.
- 5. Utilized version control systems to manage code and streamline development processes.
- 6. Documented software designs and technical specifications for future reference.
- 7. Participated in code reviews to maintain coding standards and best practices.

Technical Developer

Mar / 2023-Mar / 2024

Fortland, OR

Crescent Moon Design

1. Environment: Java, SQL, HTML, CSS, JavaScript, Git.

- 2. Developed and maintained web applications for various clients, focusing on usability and performance.
- 3. Engaged in continuous learning to stay updated with emerging technologies and industry trends.
- 4. Worked closely with QA teams to ensure the delivery of high-quality software products.
- 5. Assisted in troubleshooting and resolving issues within production environments.
- 6. Contributed to the design and architecture of scalable software solutions.

EDUCATION

Bachelor of Science in Computer Science

Mar / 2022-Mar / 2023

University of Technology

♣ Phoenix, AZ

Focused on software development, data structures, and algorithms.

SKILLS

Data Integration Javascript Python Ruby

ACHIEVEMENTS

Automated data processing tasks, reducing manual efforts by 40%.

Collaborated on a team project that successfully delivered software two weeks ahead of schedule.
