🌟 Successfully led a quality assurance initiative that increased compliance rates by 15%.

👤 PROFESSIONAL SUMMARY

Detail-oriented Technical Inspector Associate with 5 years of experience ensuring product compliance with established quality standards. Proficient in executing detailed inspections, analyzing technical specifications, and maintaining precise documentation. Dedicated to driving quality assurance initiatives and optimizing operational processes to enhance overall efficiency.

💼 WORK EXPERIENCE

Technical Inspector Associate

📅 Mar / 2021-Ongoing

Pineapple Enterprises

📍 Santa Monica, CA

1. Ensured compliance with military Technical Manuals and Regulations during equipment operations.
2. Conducted thorough final inspections to verify the accuracy of initial evaluations and ensure all repairs meet Army standards.
3. Verified that all repair parts were correctly installed and functioning as intended.
4. Executed repairs in accordance with technical specifications to uphold quality standards.
5. Managed the rework of any rejected items before customer release to ensure satisfaction.
6. Provided expert guidance to mechanics on best practices and quality expectations.
7. Utilized FEDLOG and catalogs to accurately order and verify parts information.

Technical Inspector

📅 Mar / 2020-Mar / 2021

Silver Lake Enterprises

📍 Seattle, WA

1. Supervised a team of two inspectors, ensuring high-quality standards in maintenance operations.
2. Inspected helicopter systems and components per technical manuals, ensuring operational readiness.
3. Facilitated flight worthiness releases for grounded fleets, contributing to mission success.
4. Maintained meticulous historical records and compliance documentation for all deployed aircraft.
5. Conducted in-progress and final inspections, identifying and troubleshooting vehicle defects.
6. Requisitioned and tracked repairs, ensuring timely completion and compliance.

🎓 EDUCATION

Bachelor of Science in Quality Assurance

📅 Mar / 2019-Mar / 2020

Quality University

📍 Seattle, WA

Focused on quality control principles, inspection techniques, and compliance standards.
