MASON WILSON

Teradata Developer

✉ support@qwikresume.com 📞 (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Skilled Teradata Developer with 2 years of hands-on experience in creating and optimizing data solutions. Expertise in Teradata SQL, ETL processes, and data warehousing, with a proven ability to enhance data processing efficiency. Committed to delivering high-quality solutions through collaboration with cross-functional teams, ensuring data integrity and accessibility for informed decision-making.

WORK EXPERIENCE

Teradata Developer
Pineapple Enterprises

📅 May / 2024-Ongoing
📍 Santa Monica, CA

1. Utilized BTEQ and SQL Assistant to execute SQL commands aligned with business requirements in Teradata RDBMS.
2. Leveraged FastExport utility for efficient extraction of large datasets from Teradata.
3. Conducted performance tuning by implementing secondary indexes, join indexes, and collecting statistics to optimize query execution.
4. Scheduled and executed ETL jobs weekly via UNIX batch scripts for data loading from sources to the development database.
5. Collaborated with teams to troubleshoot and resolve data discrepancies, ensuring data accuracy.
6. Documented processes and procedures for data management and ETL workflows to enhance team efficiency.
7. Participated in code reviews to maintain high standards of quality and performance in SQL scripts.

Jr. Teradata Developer
Summit Peak Industries

📅 May / 2023-May / 2024
📍 Denver, CO

1. Played a key role in integrating customer and product data into the enterprise data warehouse for improved analytics.
2. Developed Teradata components including BTEQ, MLOAD, and FLOAD for efficient data processing.
3. Engaged in requirement gathering, analysis, design, and implementation of data solutions for business rules.
4. Optimized complex SQL queries, improving execution time and resource utilization.
5. Maintained database integrity through careful indexing and monitoring of performance metrics.
6. Created UNIX shell scripts to automate batch processing jobs, enhancing operational efficiency.

EDUCATION

Bachelor of Science in Computer Science
State University

📅 May / 2022 - May / 2023
📍 Toronto, ON

Focused on data management and database systems, with coursework in SQL and data warehousing.

ACHIEVEMENTS

⭐ Improved query performance by 30% through effective indexing strategies.

⭐ Successfully migrated data from legacy systems to Teradata, enhancing data accessibility.

⭐ Developed automated ETL processes, reducing data load times by 20%.
