ACHIEVEMENTS

🌟 Developed a single-page application that improved user engagement by 30%.

🌟 Enhanced website performance by optimizing loading times, achieving a 25% increase in speed.

PROFESSIONAL SUMMARY

Enthusiastic Frontend UI Engineer with 5 years of experience in crafting interactive and responsive web applications using HTML5, CSS3, and JavaScript frameworks. Skilled in transforming user requirements into intuitive designs, I excel in optimizing performance and ensuring cross-browser compatibility. My commitment to agile practices supports continuous improvement and enhances user satisfaction across diverse platforms.

WORK EXPERIENCE

Frontend UI Engineer

📅 Mar / 2021-Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Developed user-friendly web pages utilizing HTML5, AJAX, JavaScript, JSON, SCSS, Bootstrap, and Angular.
2. Played a key role in enhancing the JIVE web application system for improved user interaction.
3. Implemented various plugins to streamline functionality and debug issues efficiently.
4. Created dynamic widgets using JavaScript, CSS, and templating languages like Freemarker and Soy.
5. Collaborated with backend engineers on Java Servlet and JSP for seamless integration.
6. Designed and customized website themes, demonstrating proficiency in Bootstrap.
7. Conducted code reviews and contributed to best practices in front-end development.

UI Engineer

📅 Mar / 2020-Mar / 2021

Silver Lake Enterprises

📍 Seattle, WA

1. Actively participated in requirements gathering and contributed to user story design.
2. Engaged in decision-making meetings for selecting frameworks and technologies for projects.
3. Recommended and implemented accessibility testing tools to enhance compliance and user experience.
4. Developed applications using Spring MVC, transitioning from JSF MVC Framework.
5. Ensured web applications adhered to WCAG 2.0 standards for accessibility.
6. Consulted on accessibility issues within an agile team, enhancing overall project quality.

EDUCATION

Bachelor of Science in Computer Science

📅 Mar / 2019-Mar / 2020

State University

📍 Phoenix, AZ

Focused on software development and web technologies.
