WORK EXPERIENCE

Vet Tech

📅 Apr / 2024-Ongoing

Seaside Innovations

📍 Santa Monica, CA

1. Monitor animals recovering from surgery, promptly notifying veterinarians of unusual changes or symptoms.
2. Maintain cleanliness in kennels and examination rooms to prevent disease spread.
3. Assist in restraining animals during procedures to ensure safety.
4. Support veterinarians in diagnosing illnesses through thorough examinations.
5. Communicate effectively with team members to enhance patient care.
6. Administer medications and treatments as directed by veterinarians.
7. Educate pet owners on post-operative care and preventive health measures.

Vet Tech - Entry Level

📅 Apr / 2023-Apr / 2024

Silver Lake Enterprises

📍 Seattle, WA

1. Conduct initial triage and physical exams upon patient arrival, ensuring accurate assessments.
2. Relay critical information to the veterinarian regarding patient status and history.
3. Assist in placing IV catheters and drawing blood for laboratory analysis.
4. Support surgical procedures by monitoring anesthesia and patient vital signs.
5. Manage IV fluid administration and prepare medications as per veterinarian instructions.
6. Safely transport animals from vehicles to treatment areas.

EDUCATION

Associate of Applied Science in Veterinary Technology

📅 Apr / 2022 - Apr / 2023

Purdue University

📍 Phoenix, AZ
