PROFESSIONAL SUMMARY

Veterinary Technician with 7 years of diverse experience in clinical settings, specializing in surgical assistance, diagnostic testing, and patient care. Proven ability to enhance animal welfare through effective communication with pet owners and collaboration with veterinary teams. Committed to maintaining high standards of care and continuously advancing veterinary practices for optimal outcomes.

WORK EXPERIENCE

Veterinary Technician

📅 May / 2020-Ongoing

WidgetWorks Inc.

📍 Denver, CO

1. Perform laboratory tests on blood, urine, or feces to assist in diagnosing and treating animal health issues.
2. Administer emergency first aid and life-saving procedures for critically ill animals.
3. Collect and prepare samples for laboratory analysis, ensuring proper labeling and documentation.
4. Maintain accurate treatment records and manage inventories of pharmaceuticals and medical supplies.
5. Inoculate animals against diseases, including rabies and distemper, to promote public health.
6. Assist in surgical procedures by preparing instruments and monitoring anesthesia levels.
7. Educate pet owners on post-operative care and preventive health measures for their animals.

Veterinary Technician

📅 May / 2018-May / 2020

Crescent Moon Design

📍 Portland, OR

1. Monitor the condition of animals, observing clinical symptoms and behavioral changes.
2. Administer anesthesia under veterinarian supervision, adjusting dosages based on animal response.
3. Prepare animals for surgery, including shaving and disinfecting surgical sites.
4. Maintain cleanliness in treatment areas, ensuring compliance with health and safety standards.
5. Document all patient interactions, treatments, and outcomes in electronic medical records.
6. Collaborate with veterinary staff to develop and implement individualized care plans.

EDUCATION

Associate of Applied Science in Veterinary Technology

📅 May / 2016 - May / 2018

Purdue University

📍 Denver, CO

Comprehensive training in veterinary practices, including clinical skills, animal behavior, and emergency care.
