ROBERT SMITH

Web Architect

E-mail: info@qwikresumc.com **Phone:** (0123)-456-789

SUMMARY

Ten years in the military has given me a unique perspective to bring into the field of Psychology, specifically rehabilitation, counseling, and research. As I look to the future, my interests are directed toward the United States Department of Veterans Affairs. The knowledge I have obtained working with a multidisciplinary team enables me to take a holistic approach assisting others in making the best possible adjustment back to general society, and to live life as self-sufficiently as possible.

SKILLS

Software Development, Planning, Web Designing.

WORK EXPERIENCE

Web Architect

ABC Corporation - December 2013 – October 2022

- Successfully implemented and launched platform from top to bottom.
- Back-end hosted on AWS and implemented with Node.js, Redis, Amazon S3, PostgreSQL, and Elasticsearch.
- Heavily leveraged Express.js and in-house frameworks to implement authentication, persistence, asset routing, and data API layers.
- Developed a sane front-end system with modular JavaScript components (based off of Backbone.js and in-house frameworks), clean HTML (utilizing templating), and untangled CSS, all while striving to keep code size down and support both desktop and mobile browsers all the way back to Internet Explorer 9.
- Designed and implemented operational systems, including continuous integration deployment, GIT workflow, CDN asset versioningdeployment, and automated testing.
- Implemented custom geolocation and fuzzy text searching with Elasticsearch.
- Managed and mentored the web engineering team.
