CHARLOTTE HARRIS

Lead Web Engineer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Accomplished Lead Web Engineer with a decade of experience in architecting and delivering scalable web applications. Expertise in both front-end and back-end technologies, including JavaScript, Node.js, and various frameworks. Dedicated to enhancing user experiences and optimizing performance through innovative solutions and effective team leadership.

WORK EXPERIENCE

Lead Web Engineer
Quantum Solutions LLC

📅 Mar / 2018-Ongoing
📍 Phoenix, AZ

1. Architected and developed scalable web applications, ensuring high performance and user satisfaction.
2. Managed full software development lifecycle, from requirements gathering to deployment and maintenance.
3. Collaborated with cross-functional teams to design and implement innovative web solutions.
4. Optimized existing applications for improved speed and user experience.
5. Integrated APIs and third-party services for enhanced functionality.
6. Develop and execute unit tests to ensure code reliability.
7. Utilized Agile methodologies to streamline project workflows and deliver results efficiently.

Web Engineer
Silver Lake Enterprises

📅 Mar / 2015-Mar / 2018
📍 Seattle, WA

1. Inspira Technology Solutions, Hyderabad, India JUNE 2008 - AUGUST 2011 Web Engineer Responsibilities: Developed and maintained web applications, ensuring seamless integration with backend systems.
2. Implemented server configurations and optimizations for Weblogic and Apache Tomcat.
3. Led project design discussions, focusing on architecture and best practices.
4. Configured and managed JDBC connection pools for database interactions.
5. Monitored application performance and troubleshooting issues proactively.
6. Engaged in team collaboration to enhance the overall development process.

EDUCATION

Bachelor of Science in Computer Science
University of California

📅 Mar / 2012-Mar / 2015
📍 Phoenix, AZ

Focused on software development, algorithms, and web technologies.

SKILLS

Web Performance Optimization	Api Development	Security Best Practices	Javascript Frameworks

ACHIEVEMENTS

⭐ Led a team to enhance application performance by 30% through optimized coding practices and architecture redesign.

⭐ Spearheaded the migration of legacy systems to modern frameworks, reducing maintenance costs by 25%.

⭐ Implemented automated testing procedures, resulting in a 40% decrease in deployment errors.
