## 👤 PROFESSIONAL SUMMARY

Accomplished Wireline Operations Engineer with a decade of expertise in downhole operations and tool management. Proven track record in optimizing well-site performance, enhancing safety protocols, and building robust client relationships. Committed to driving operational excellence and delivering superior service in challenging environments.

## 💼 WORK EXPERIENCE

### Wireline Operations Engineer

📅 Mar / 2019-Ongoing

WidgetWorks Inc.

📍 Denver, CO

1. Leveraged extensive expertise to guide clients in making informed decisions regarding downhole operations.
2. Planned and executed numerous wireline projects, ensuring adherence to safety and operational standards.
3. Designed tailored wireline procedures, implementing immediate corrective actions as needed.
4. Compiled and analyzed data logs for accurate reporting and operational insights.
5. Facilitated site audits, improving operational compliance and efficiency.
6. Supervised teams of 2 to 4 personnel, fostering collaboration and skill development.
7. Managed equipment and material logistics, maintaining budgetary constraints and operational needs.

### Wireline Engineer

📅 Mar / 2015-Mar / 2019

Cactus Creek Solutions

📍 Phoenix, AZ

1. Progressed from Operator to Engineer within 2 years through comprehensive training and hands-on experience.
2. Utilized advanced electronic tools and systems to perform thorough logging and data analysis at well sites.
3. Collaborated closely with clients to ensure accurate data recording and identification of hydrocarbon potential.
4. Oversaw maintenance and calibration of equipment, ensuring precision in data collection.
5. Demonstrated a strong commitment to health, safety, and environmental standards in all operations.
6. Applied in-depth equipment knowledge to troubleshoot issues effectively in remote locations.

## 🎓 EDUCATION

### Bachelor of Science in Petroleum Engineering

📅 Mar / 2012    Mar / 2015

University of Texas at Austin

📍 Denver, CO

Focused on reservoir engineering, drilling techniques, and production optimization.
